Keep out of reach of young children and store at room temperature.

Suggested usage

Consume 4 chewable tablets every day for a period of 4 to 5 weeks (required dose for a positive effect). Then pause for several weeks.

Please note

Not suitable for a long-term nutrition and for children and adolescents as well as for people with renal dysfunction. A regular consumption might cause a gain of weight. Do not exceed the recommended daily intake. Do not consume together with drinks containing caffeine (e.g. coffee, tea). Xenofit Creatine plus is a dietary supplement used as part of a varied and balanced diet and a healthy lifestyle.
