

SON Schmidts Original Nabendynamo

We offer a 5 year guarantee for the functionality of our hub dynamos, wheels, front and back lights. The guarantee period starts with the purchase of the product in a specialist shop. The guarantee does not apply to damages caused by usual wear, improper use or violent impacts (e.g. a crash).

In case of guarantee, we will repair the product at our discretion or replace it with a product equal to the old one. We shall also do the installation of a new hub dynamo at our cost. Further claims are excluded. Your legal warranty rights remain unaffected.

To benefit from this guarantee, please contact your specialist retailer.
